- The municipality of Panglao implemented an Advance Reservation System (ARS) in April 2015. It allows only 300 "dives" (i.e. approximately 120 divers) a day at Balicasag Island. We need to purchase the tickets (which are not refundable) in advance from the municipality through the ARS when we book your dives.

So please make your reservation with us as early as possible if you are planning to dive at Balicasag Island!!!
